ABOUT ME

Growing up in a melting pot of cultures has provided me with many valuable assets. I am ambitious and motivated with a passion for communication. I have over five years of experience working as an EFL teacher, as well as being a freelance translator from English-Spanish and vice-versa. I am an organised, and detail-oriented person who is committed to growing and learning from new experiences. I love tackling challenges in a creative way and using my problem-solving skills to work on projects by myself, or in a team.
